

Assurance of Contents

This form must be properly filled out, signed, scanned, and e-mailed to secretariarbz@sbz.org.br as soon as the corresponding author receives the Manuscript ID (from <http://mc04.manuscriptcentral.com/rbz-scielo>), confirming the submission of the manuscript. All pages must be initialed by the corresponding author. The manuscript will be automatically disregarded and not considered for peer-reviewing in case this document is not sent. If the manuscript is not accepted for publication, this affidavit shall have no legal effect and will be considered null and void.

Read the terms below carefully and check BOTH:

I, on behalf of all the authors, hereby affirm that the total or partial content of this manuscript (data including graphs, figures, tables, and illustrations), regardless of the language, is original and has not been published/is not being considered for publication elsewhere (except as abstracts or non-peer-reviewed proceedings of conferences).

I, on behalf of all the authors, warrant that the journal content contributed in this manuscript is not libelous, unlawful, or otherwise actionable and does not infringe any copyright or violate any other intellectual property or privacy right of any person or entity.

Conflict of interest

Read carefully and check one option:

I, on behalf of all the authors, declare that there is no conflict of interest (of personal, commercial, political, academic, or financial nature) that may influence the preparation, evaluation, or publication of this manuscript.

I, on behalf of all the authors, declare that there is (are) potential conflict(s) of interest, which is (are) detailed in the Cover Letter.

1. Manuscript ID (*after submission on ScholarOne Manuscripts*):

2. Manuscript title:

3.

3. Corresponding author's full name:

Address:

Telephone number:

E-mail address:

Signature: _____

Date:

mm/dd/yyyy

Area/section where manuscript should be published (*select only one*):

Animal production systems and agribusiness

Aquaculture

Biometeorology and animal welfare

Breeding and genetics

Forage crops

Meat science and muscle biology

Non-ruminants

Precision livestock

Reproduction

Ruminants

Authorship:

List authors accordingly as presented in the manuscript, including the corresponding author. Insert authors' full name and e-mail address.

First author:
